

FLAKING TRAILERS

Chief offers fully customizable hose flaking trailers in order to meet specific customer needs and applications. Our standard flaking trailers offer 5000 ft (1520 m) storage of 5" hose inside of aluminum, ventilated hose divider storage bins. Customized trailers offer endless options such as combined removable hose storage bins and foam tote storage, underdeck stainless steel foam/water piping, UV-resistant vinyl hose covers, diamond-plate toolboxes, anti-slip decking, and mounting for hydraulic hose retrieval units.
